Refined Country Living in Cherry Grove

Tucked at the end of a quiet cul-de-sac, this 4-bedroom, 3.5-bath bungalow sits on 1.68 acres of beautifully landscaped, treed land with no homes behind it. Outside, a 40x44 heated tin shop—finished inside and out—its truly jaw-dropping, offering endless options for work, storage, or hobbies. Inside, vaulted ceilings, expansive windows, and an open-concept layout create bright, welcoming spaces. The kitchen features granite counters, a large island with eating bar, soft-close drawers, and a corner pantry. The main level also offers a spacious primary suite with walk-in closet and ensuite, two additional bedrooms, main-floor laundry, and a guest bath. Downstairs, the walkout basement shines with oversized windows, slab heating, a stone-faced gas fireplace, a large family room, one bedroom, and flexible space ready for a gym or additional bedroom. And don't worry—it has A/C! A rare combination of space, upgrades, and privacy—this home has it all.
